

## Summer Work for Anatomy and Physiology

The students will access material online at the website:

[www.anatomyandphysiology.com](http://www.anatomyandphysiology.com)

It should say Welcome to - The Anatomy & Physiology Place

Click this one.

There will be choices of books to select.

Select from the right side- Martini.

It will be the one on the bottom, lower left side, female with blue shirt rock climbing- Essentials of Anatomy & Physiology Martini/Bartholomew –Fourth Edition.

After clicking this book, select Chapter One: An Introduction to Anatomy & Physiology.

There is a menu on the left side of the page.

### 1. Select Objectives.

Answer: Objectives 1 and 2 on paper and save them. You will turn in all assignments on the first day of class in the fall.

### 2. Select Flashcards.

Step one: Select Chapter 1.

Step two: View cards by terms.

**Step three: Define the first 50 vocabulary terms by writing the word and flipping the card over for the definition.**

**Save this work for the first day of class also.**

**3. Select Quizzes from the menu. You are still in chapter one.**

**Select Multiple Choice Questions. There are 23 questions in this set.**

**Go through these several times. At the end, you may select start over or select to have your answers graded.**

**This activity will give you a chance to learn how the terms are used in the chapter.**

**When you have all of the answers correct, write down the questions and the answers and turn this in to your teacher on the first day of class.**

**4. Select Case Study.**

**Then select from the choices Integumentary System.**

**Then Select Bob's Bad Habits.**

**Select the Pre Quiz- then answer all questions.**

**Continue through the case study.**

**Write a summary on what you learned.**

**Turn this in to your teacher on the first day of class.**
