Be a doctor

# Benefits of 1:1

- Tool for 21st century learning
- Real-World Connections
- Collaboration

*Excellence and equity*

# Teachers are ready

During the 2016-17 school year

Teachers participated in the following activities:

- Google Applications workshops
- Pilot with 9th grade teams using Chromebooks
- RBR Instruction Tech Initiative

# So are the students

# Benefits for Students

- Use Google Classroom and Drive to manage workflow
- Use District network at school to access resources
- Use District email for school related communication

# Tools for Students and Families

- Google Drive
- Google Classroom
- RBR Email
- Parent Portal
- Genesis
- Naviance

# Student Expectations

- Bring the laptop to school and home everyday
  - Charge the laptop every night
  - Listen to directions for laptop use
  - Use the laptop in accordance with the AUP and the Parent/Student Laptop agreement
  - Take appropriate actions to secure your laptop

# Network and Filtering

- All internet traffic in school will be filtered to block inappropriate material
- All internet traffic to and from student laptops can be monitored
- Attempting to disable or bypass district content filters is not permitted
- Students are allowed to connect to networks at home or other locations but they must follow the AUP

## Next steps ...

- [Student and Parent Laptop agreement form must be signed](#) (submitted before distribution)
- Additional questions: Stop by Room 140, next door
- Preguntas adicionales: Hay maestros que hablan español para ayudarles en el salon 140

# Moving Forward ...

- Continued professional development for all staff
- Ongoing support for students
- Community Information Sessions
- Access Survey (September and October 2017)

# Red Bank Regional Student Chromebook 1:1 Initiative

## Welcome Class of 2021!
